Mr. Vasken Demirjian
Environmental Management Coordinator
Glendale City Fire Department
780 Flower Street
Glendale, California 91201

Dear Mr. Demirjian:

The California Environmental Protection Agency (Cal/EPA) and the Department of Toxic Substances Control conducted a program evaluation of the Glendale City Fire Department Certified Unified Program Agency (CUPA) on February 28, 2006. The evaluation consisted of a review of program elements, an in-office program review and field oversight inspections. The State evaluators completed a Certified Unified Program Agency Evaluation Summary of Findings with your agency's program management staff, which includes identified deficiencies, with preliminary corrective actions and timeframes, program observations and recommendations, and examples of outstanding program implementation.

Cal/EPA has received electronic and hardcopy documentation of corrective actions taken by Glendale City Fire Department for deficiencies found during the evaluation process. After reviewing the Evaluation Summary of Findings and the documentation of corrective actions, Cal/EPA finds that all deficiencies noted in the Evaluation Summary of Findings have been corrected.

Cal/EPA appreciates the actions taken by Glendale City Fire Department that have corrected all of the deficiencies identified during the February 28, 2006 evaluation. Based on these corrections, Cal/EPA has modified Glendale City Fire Department's rating on the evaluation from satisfactory with some improvement needed to meets program performance standards.

Mr. Vasken Demirjian
